50th Birthday Painting Commission:

"My Birthday painting captures so many aspects of my life and interests past and present. All in an exciting way! What a great present".

Private Customer, Berwick-upon-Tweed

"A group portrait with a difference. Never saw ourselves as a gaggle of old hens, but it has brightened up our reception area and caused a great deal of interest from clients. I could see this being a focal point of any group or family living space".
